Brew

BREW LIKE A PRO,
CHANGE YOUR
COFFEE WITHOUT
HEADACHE

"ANTI-CHAFF" FUNNEL

(SPECIFIC FOR BREW)

Specifically designed for Mignon Single Dose Brew, perfect to channel the coffee into the Hand Brew Cup, reducing the coffee waste.

DEDICATED FRONT COVER

Dedicated front cover, studied for a unique and unmistakable design.

USABILITY (SPECIFIC FOR BREW)

The extra-comfort dial combined with Hand Brew Cup, equipped with functional (and yet elegant) design and 80 gr capacity, provide an extremely comfortable coffee collecting experience, suitable to all the alternative brewing methods.

PREMIUM MATERIALS

Elegant materials, like the shaped wooden base and the metal finishes.

DIAMONDINSIDE

BREW SPECIFIC BURRS GEOMETRY

Product dedicated to Alternative Brewing Methods, thanks to Diamond Inside® (65 mm) with a dedicated geometry for Filter extraction, granting high grind capacity and excellent results from Moka to Cold Brew.

EUREKA ORO

The Eureka centenary heritage gave birth to EUREKA ORO: a new generation of coffee grinders equipped with the latest technology and expression of the “State of the Art” in coffee grinding. New MIGNON SINGLE DOSE fits perfectly into this frame, with its innovative design and the highest attention to detail, to transform all the beans into the best result in the cup.
